Frida's Edging

Frida's Flowers Blanket - Block 8

Block 8 – Edging

When I was designing this piece I wanted to try and make the making up and finishing process as quick and easy as possible. By joining as many of your blocks together as you can as you go along means that you don't have a massive making up job to do, but you do need to add the edging.

When I design my blankets I like the edgings to be straight rather than be dictated by the shape of the motif I have chosen to use. I suppose I think in the same way as a patchwork designer would when laying out the pieces of a quilt. This tends to give me a bit of a challenge in terms of design as I often have to design small filling pieces to make sure things straighten out and I am not left with strange shaped edgings. However, on this blanket I really liked the zigzag edge created by the hexagon shapes at the top and the bottom, so decided not to design fill in pieces.

With all the intricacies of the motifs I decided to keep the border simple and so opted for a relatively easy edging. I really like the fact that that it looks like rickrack braiding and think it would look as good in any of the other left over shades.

Block 8 – Edging Yarns used:

3672
Poppy

3674
Shrimp

3093
Black

EQUIPMENT

Size G/6 & 7 (4mm & 4.5mm) hook
Sewing needle

MEASUREMENT

Pre blocked – 7¾in (19.5cm) wide at widest point

ABBREVIATIONS

ch(s) chain(s)	sp(s) space(s)
cm centimeter(s)	ss slip stitch
RS right side	st(s) stitch(es)
sc single crochet	WS wrong side
sc3tog work 3 single crochet sts together (2 sts decreased)	

NOTES:

Fastening Off and rejoining Yarn

You will achieve a much neater color change if you complete rounds and fasten off the yarn, rather than joining mid stitch. When fastening off a yarn at the end of a round, the slip stitch that you have made to join can look like a stitch when you are working the following round. Make sure you count correctly and do not count the slip stitch as a stitch when working subsequent rounds.

Dealing with yarn ends

I tend to sew yarn ends in as I go along—doing this makes the finishing process much easier as you will have less to do. Sewing yarn ends in as you go along also means that you are less likely to loose stitches or make errors with your tension.

Joining your pieces

You will join them together using single crochet and a size G/6 (4mm) hook. To save yarn, you could use slip stitch instead, but will need to use a larger hook (size 7 / 4.5mm). When joining, corner sts on the motifs need to be used more than once.

METHOD

Once all your pieces are complete and joined together you are ready to put the edging on. I have designed a simple edging as I didn't want to detract from all the detail within the blanket and also had to think about left over yarn amounts.

Note: You will need to use a size G/6 (4mm) hook for the single crochet stitches and a size 7 (4.5mm) hook for the slip stitches.

Foundation round along the edge: With RS facing using Black & size 7 (4.5mm) hook, join yarn into last st made at top left blanket corner block by working ch1 (this is the final st made on the last row of a Half Dahlia Block with zig zag blanket edge to the right and does not count as a st)

Working along the straight edge: * using size 7 (4.5mm) hook, 16ss along side edge of half motif stopping at the flower, ch7, leaving ch at the back of the work skip flower, 16ss along remaining edge of same motif, ** skip join, using size G/6 (4mm) hook and corner stitches again 21sc along edge of next motif; repeat from * twice then work from * to **

Working along the zig zag edge: Using size G/6 (4mm) hook 3sc into next sc (this is the first st of the final row on the Half Dahlia Block), 1sc into each next 18sts (don't worry if your stitch count is 1 out either way at this point), * sc3tog over next 3 sts by working 1 incomplete sc into the next st & the seam & the next st of the next block, 1sc into each next 18sts, 3sc into next st, 1sc into each next 18sts; repeat from * 3 times, sc3tog over next 3 sts by working 1 incomplete sc into the next st & the seam & the next st of the next block, 1sc into each next 18sts, 3sc into next st

You have completed the first edging round on half the blanket—repeat as set along remaining straight edge and zig zag edge once more so that all 4 edges have a base round of sts and you finish by working 3sc into same st as ch-1 made at beginning of round, ss to join, fasten off.

Note: When working along the zig zag edges on the next round you need to make 1sc into the st to the left of the sc3tog made on previous round and make 3sc into central st of 3sc made at tip of zig zag. You may find that in some cases you need to skip 1 or 2 sts to make the pattern work—this is to do with the sts you used. If I have written skip next st & you need to skip 2 that is fine and vice versa. I found I have to skip 2sts at the tip of the zig zag a couple of times

Round 1: On the next round you will start by working along the zig zag edge, followed by the straight edge

Working along the zig zag edge: With RS facing using Poppy & size G/6 (4mm) hook, join yarn into central st of 3sc made on previous round at corner by working ch1, 1sc into same st, * [ch1, skip next st, 1sc into next st] 9 times, ch1, skip 2 sts, 1sc into st to left side of sc3tog made on previous round, ch1, skip 2sts, 1sc into next st, [ch1, skip next st, 1sc into next st] 9 times (last sc should be in central st of 3sc made on previous round), 2sc into same st; repeat from * 4 times,

Working along the straight edge: Note: along the next edge treat slip stitches and chains made on previous round as you normally would, but when working into slip stitches work into one side of ss so that only half the stitch is used

* ch1, skip next st, 1sc into next st; repeat from * to end of straight edge, making sure last sc is in central st of 3sc made at corner on previous round, 2sc into same st

You have completed the edging round on half the blanket—repeat as set along remaining zig zag edge and straight edge once more so that all 4 edges have a base round of sts and you finish by working 2sc into same st as 1sc made at beginning of round, ss to join, fasten off.

Round 2: On the next round you will start by working along the zig zag edge, followed by the straight edge. Start the round at the opposite zig zag edge to where you have just fastened off

Crochet Along*

Working along the zig zag edge: With RS facing using Shrimp & size G/6 (4mm) hook, join yarn into central st of 3sc made on previous round at corner by working ch1, 1sc into same st, * [ch1, skip next st, 1sc into next ch sp] 19 times, ch1, skip next st, 3sc into next st (this is the central st of 3sc group made on previous round); repeat from * 4 times

Working along the straight edge: * ch1, skip next st, 1sc into next ch sp; repeat from * to end of straight edge, making sure last sc is in central st of 3sc made at corner on previous round, 2sc into same st

You have completed the edging round on half the blanket—repeat as set along remaining zig zag edge and straight edge once more so that all 4 edges have a base round of sts and you finish by working 2sc into same st as 1sc made at beginning of round, ss to join, fasten off.

Round 3: On the next round you will start by working along the zig zag edge, followed by the straight edge. Start the round at the opposite zig zag edge to where you have just fastened off

Working along the zig zag edge: With RS facing using Black & size G/6 (4mm) hook, join yarn into central st of 3sc made on previous round at corner by working ch1, 1sc into same st, * [ch1, skip next st, 1sc into next ch sp] 9 times (or down to ch sps at dip of zig zag), 1sc into each next 2 ch sps, [ch1, skip next st, 1sc into next ch sp] 9 times, ch1, skip next st, 3sc into next st (this is the central st of 3sc group made on previous round); repeat from * 4 times

Working along the straight edge: * ch1, skip next st, 1sc into next ch sp; repeat from * to end of straight edge, making sure last sc is in central st of 3sc made at corner on previous round, 2sc into same st

You have completed the edging round on half the blanket—repeat as set along remaining zig zag edge and straight edge once more so that all 4 edges have a base round of sts and you finish by working 2sc into same st as 1sc made at beginning of round, ss to join, fasten off.
