### Monarch designed by Stuart Hillard

Monarch is made in Highland Heathers Aran. This blanket has a gorgeous Autumnal feel, ideal for cosy evenings by the fire. Stuart has been inspired by the rich berry shades of juicy blackberries and hawthorns amongst the richly changing hues of autumn leaves as they turn from green to golds, oranges and even reds.

Published in five 2 weekly installments starting on Tuesday 11th October, all the patterns will be available to **download FREE** from [www.stylecraft-yarns.co.uk](http://www.stylecraft-yarns.co.uk). Why not join our KAL group on facebook for help and support?
