Love is Enough

A new colourway for the Fruit Garden CAL by Jane Crowfoot

Part 7 | Chrysanthemum & Acanthus

Crochet Along*

As you will see from the yarn list I have predominantly used Stylecraft Life DK for this project, alongside two shades of Special DK and one shade of Bellissima. These yarns feel very slightly thicker than Life DK, but the use of them does not make any real difference to the blocked measurements of the motifs, so you need to be guided by the tension measurements given in the original patterns.

All the square motifs within the project finish with the same stitch count around the outside edge, but they may measure slightly different sizes. Don't worry – the squares are designed to all match up and stretch nicely into place once the blanket is put together!

Once complete the Chrysanthemum motifs measure approximately 14.5cm (5¾ in) square.
