

Flights of Fancy

Competition

Flights of Fancy is a daydream made of yarn – perfect for getting carried away and has been designed by one of our lovely Blogstars, Polly Plum.

The colour possibilities are endless, and each palette evokes its own mood unique to the maker's personal daydream. We all have our own favourites shades, and we know how much you enjoy putting colours together, so we have created this template for you.

We would love to see what kind of palette you come up with and you could win enough yarn to make a medium Flights of Fancy blanket in your choice of colours.

Simply

1. Using the Special DK palette, make your choice and colour in the template. You can also use yarn wraps, pegs or on embroidery cards to show your choices.
2. Take a picture of your completed template.
3. Load it up to your social media and tag us using #FlightsofFancyCAL #pollyplum #stylecraftyarns #stylecraftcompetition

The competition runs from 1st to 8th of September when Polly will choose her favourite. You can upload as many combinations as you like but we will only be able to find them if you tag us.

Polly has put together some helpful advice to help you select your palette.

Step 1

Pick a background colour. Anything you like. This is Colour F

Step 2

Pick a standout colour. Something that is high contrast to everything else. She used really bright colours for this. This is Colour B

Step 3

Pick white or an off-white for Colour D

Step 4

Pick three more colours. They need to be less bold than colour B but still stand out against Colour F. The warmest of these should be Colour A. The other two are Colour C and E

That's it! Enjoy, love the Stylecraft team.
