Bird of Paradise

Frida's Flowers Blanket - Block 3

Block 3 – Bird of Paradise

When I design a project made up of lots of different motifs and pieces I tend to design from the middle out. In the case of Frida's Flower Blanket I designed Ring of Roses (which has now become Block 6) first, followed by the central motif so that I had an idea of the formation of the focal point of the blanket and could then design the pieces to slot in around them. I suppose in effect I worked in the reverse way to you, starting with the more complicated pieces first, then designing the simpler motifs.

In 1943 Frida Kahlo painted a picture called 'Self Portrait with monkeys, bird of paradise flower'. It is a painting that I really love, partly because the monkeys look like they are protecting Frida and are a little worried about her, but also because of the beautiful Strelitzia flower (bird of paradise) and leaves that Frida has painted in behind her.

This block is a little harder to make than the blocks you have already made. You need to make 4 so it is my suggestion that you work in stages, completing the 4 pieces in unison to each of your chosen stages, even if this means doing just a round at a time on each one.

The next block will be available 17 May.

NOTES:

Fastening Off and rejoining Yarn

You will achieve a much neater colour change if you complete rounds and fasten off the yarn, rather than joining mid stitch. When fastening off a yarn at the end of a round, the slip stitch that you have made to join can look like a stitch when you are working the following round. Make sure you count correctly and do not count the slip stitch as a stitch when working subsequent rounds.

Dealing with yarn ends

I tend to sew yarn ends in as I go along – doing this makes the finishing process much easier as you will have less to do. Sewing yarn ends in as you go along also means that you are less likely to loose stitches or make errors with your tension.

Joining your pieces

You will join them together using double crochet and a 4mm hook. To save yarn, you could use slip stitch instead, but will need to use a larger hook (4.5mm).

When joining, corner sts on the motifs need to be used more than once.

Pattern Note

MP: Make Popcorn

Make 5tr, remove hook from last loop.

Making sure that the stitch does not unravel, insert hook into top of 1st treble of 5tr group from the front.

Place the yarn loop from the top of the 5th treble back onto the hook so that there are 2 'sts' on the hook.

Wrap yarn round hook and draw through to form a popcorn.

Joining your pieces

You can join one side of this motif as you make it, if you want to do this, do not fasten off at the end of the last round

Using **4mm** hook & using the layout diagram as your reference, 1ch, holding the correct block in front, with RS facing inwards, 1dc into central dc of 3dc group made at corner of block & the corresponding st on the other block so that your hook is through 2 sts, 1dc into the sts, work 1dc into all corresponding pairs of sts on both pieces all the way along to the central dcs at next corners, working the final dc into the central sts, at corner, fasten off

Repeat for all 4 motifs
